SYNOPSIS

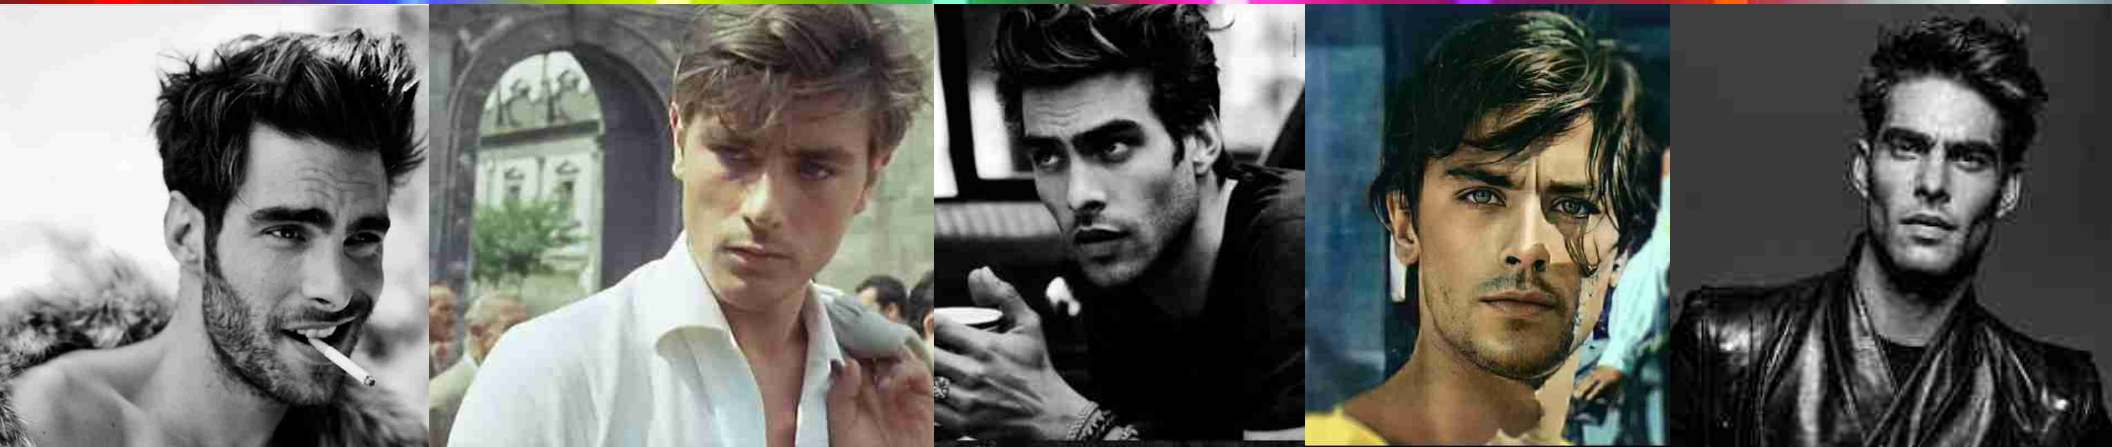

An unnamed Model based in Bangkok is part of an international circle of young hedonists who live like latter-day Borgias, taking advantage of every cheap thrill Bangkok has to offer. Some, including Model, supplement their income as hustlers or underground cage fighters, though he alone shows signs of empathy for the similarly exploited natives. One in particular, a reluctant prostitute, catches his eye, and after realizing that his reckless behavior may have doomed him to an early death, he decides to save the girl and, hopefully, something of himself, even if it results in a bloodbath.
