BOOK OF ALTHEA

A ONE-HOUR SERIAL DRAMA SERIES

Show Cross

After an emotionally volatile writer acquires an ancient extraterrestrial device, that connects her to interplanetary travelers from ages past, she fights dangerous forces from Earth and beyond to protect it.

The Book of Althea

The Book of Althea is a machine, a collaboration of thousands of years of quantum theory and mechanics.

The Book's power source is advanced nuclear fusion.

Its purpose is to record history, the historical record of the Traburans.

The Book is capable of limited local time travel in a one-mile radius.

Synopsis

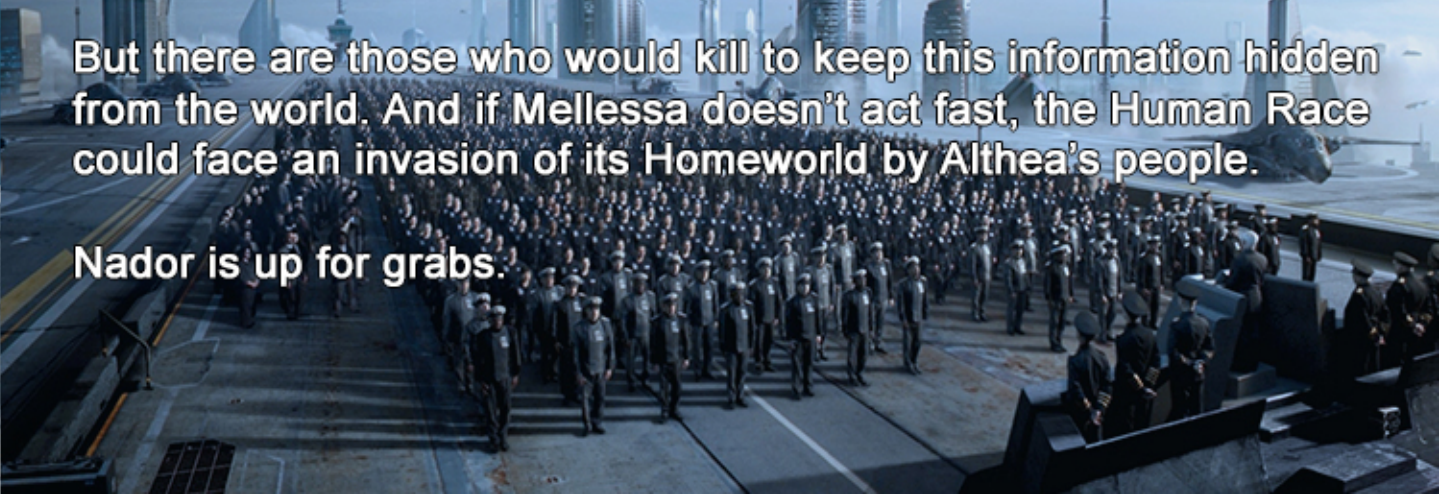

After being overthrown in a political coup, now on the run from their home planet, two political refugees, Althea and Jaison, escape to Earth in a stolen ship, to a planet known to them as Nador. There they make a stand, they infuse the paleolithic native life with their DNA, forever altering the course of history.

Through selective genetics, they create three children of their own. Althea's children go on to create lives and histories of their own and a line of descendants that spans centuries.

40,000 years later, struggling writer Mellessa Hughes is contacted by a strange device: the Book of Althea. Sent forward in time by Jaison and Althea, the secrets this book contains begin to unlock long-lost knowledge, sending Mellessa on a quest for the truth.

But there are those who would kill to keep this information hidden from the world. And if Mellessa doesn't act fast, the Human Race could face an invasion of its Homeworld by Althea's people.

Nador is up for grabs.

The Traburans

In the Regulus System, the Traburans, a race of beings with an advanced understanding of time, Master of quantum mechanics such as the time portals that connect different dimensions and the fusion energy that power their technology. Their population is ruled by a Militaristic Council, and the Free Leaders.

I am Althea, the last free leader of the Traburan homeworld, hear me...
