INT: PROFESSOR STEEL SKULL'S SECRET LAIR DAY TIME

EVIL LAIR CLASSICAL MUSIC IN THE BACKGROUND. Professor Steel Skull TURNS ON the monitors of his super computer where he hacks into every security camera all over San Diego.

PROFESSOR STEEL SKULL  
(mad and obsessed)  
Where is she, where is Rose  
McScott, where is she?

TOBY LINCOLN  
Um Professor, could you just get  
over Rose McScott?

Professor Steel Skull SHOCKS Toby with his electric gauntlet causing Toby to fall down. Professor Steel Skull is furiously angry.

PROFESSOR STEEL SKULL  
No!!! I won't stop until Rose  
McScott and her Koalas are  
destroyed. I had spent over 20  
years perfecting my plot for world  
domination and she RUINED IT ALL.

TOBY LINCOLN  
Come on, get over this woman, she  
destroyed your life's work which is  
a good thing.

Professor Steel Skull SHOCKS Toby again.

PROFESSOR STEEL SKULL  
A good thing? Do you know what the  
world did to me? my scientific  
genius isn't accepted in the world  
they rejected it, but when I made  
my robotic army ,Rose McScott  
destroyed it all, I would like to  
even the score, that is why I hired  
him.

From the water in the lair came out CRABBY a 7 feet Crab human hybrid, rude, cruel, mean and has a sailors accent came out from the water and kneels to Professor Steel Skull.

(CONTINUED)

PROFESSOR STEEL SKULL  
Crabby.

CRABBY  
Ahoy! Professor

TOBY LINCOLN  
A half crab, half man person. What  
is he going to do?

CRABBY  
Relax lad, I wasn't like this, 10  
years ago I was a normal fisherman  
named Edward, until my crew pushed  
me over board, because I was too  
rude and bossy. As I drift through  
the ocean, I drifted into  
radioactive waste that turned me  
into this form a half man half crab  
creature, but with my new  
form comes with new abilities.  
such as calling crabs, and spitting  
acid from my mouth.

TOBY LINCOLN  
(asks Professor Steel Skull)  
What about project Muscle Mass  
Professor?

PROFESSOR STEEL SKULL  
Later is better than now, Crabby. I  
needed you to hunt down a woman  
named Rose McScott.

Professor Steel Skull pulls out a picture of Rose McScott  
onto the computer monitor.

CRABBY  
That is her? She is pretty.

PROFESSOR STEEL SKULL  
She's not, she is horrible, she  
destroyed my life's work and I need  
you to hunt her down, but first I  
need you to terminate the Koalas  
she stole from me. Now do it or I  
shall make a crab dinner out of  
you.

CRABBY  
As you wish Professor.

Crabby dives into the water to exit the lair to find the  
Koalas.
