My people of the Frost Zone, there is another world out there that doesn't have the same climate as ours, (Pause) This world is called Earth, where their climate changes every year.

Everyone GASPS in horror.

OBIN

Now don't panic, because this world shall only have 1 climate and that is cold. Earth's changing climate must be fixed once and for all, before the Frost Zone's climate changes as well. Who shall be brave enough to step forward into the invasion of Earth?

AYONE (V.O)

I shall.

TODAD (V.O)

I Shall.

AYONE a green and blue Warrus mean, smart, cruel, brilliant walks up right next to Obin while TODAD another blue Warrus mean, strong, athletic, fast, and bad who has a big scar on his chest, one tooth, and a mustache one-half black and one-half white follow him.

OBIN

Fluffy's makeup comes running down her face.

PAUL

Well, hope for the best, it might be cooler out tomorrow.

Martin TAPS on his computer tablet.

MARTIN

(looking at his tablet)

Bad chance Powerful Paul, tomorrow is going to be 105 degrees out.

BRUCE

Great, it's going to get even hotter out, and we're going to be more sweaty.

FLUFFY

And our fur is going to be wetter, I wish something good would happen?

Suddenly, Paul's Koala Cell RINGS. Paul picks it up.

PAUL

(into his Koala Cell)

Hello? (Pause) Oh, hi Stan(pause)I know it's wickedly hot out and we're sweating like pigs(pause)oh you do? OK, will be there in a minute.

PAUL

Thanks for having us her Stan.

STAN

PETER
It was you who saved us from the

PROFESSOR RYAN REXES
On a hot day like this, it's
perfect weather for a swim.

FLUFFY (O.S)
Speaking of swimming, look at my
new bikini.

Fluffy comes wearing her red bikini. Stan looks nervous and
blushes.

STAN

Um, Fluffy, that bikini is um.

Whatever. It's nice on me.

Fluffy then jumps into the pool and SPLASHES into the water. Martin gets out of the pool and walks over to the professors who are working on a machine.

MARTIN

Professor Popper what are you working on?

PROFESSOR MARVIN POPPER

Well, you see due to the hot weather, we all decided to make a temperature machine.

Professor Marvin shows Martin the temperature machine, it's in a shape of a classic thermometer, and it's in the color grey and it has a touch screen on it.

MARTIN

So, it changes the temperature instead of the weather?

PROFESSOR LUCY POPPER

Yes, so it's like a thermostat for the entire city.

Professor Lucy picks up the temperature machine and twists a bolt onto it.

PROFESSOR RYAN REXES

During the hot summers in California, the state develops wildfires and droughts due to the hot temperature.

PROFESSOR VIOLET REXES

With the temperature machine, we shall return the summer weather to 70 degrees.

DEXTER

Or lower, I want it to snow.

PAUL

(asks)

Um, what is snow?

(CONTINUED)

PROFESSOR SUSAN SMITH
Well, you don't know what snow is
because you live in a warm climate.

PROFESSOR MARVIN POPPER
Snow is water drops frozen into
flakes by cold temperature.

PAUL
And with the Temperature machine up
and running, we could see snow in
person.

PROFESSOR RYAN REXES
Yes.

All of a sudden, a snowflake falls onto Jake's nose.

JAKE
(smiles)
Hey, Professor is this a snowflake?

PROFESSOR MARVIN POPPER
Yes, it is but the temperature
machine isn't up and running yet.
What's going on.

Fluffy points up to the sky.

FLUFFY
Look up in the sky.

Suddenly a POWERFUL SNOW CLOUD comes and snow flakes fall
down really FAST it starts to FREEZE the water in the pool.

BRUCE
Um guys get out of the water!

Bruce, Martin, Jake, Fluffy, Dexter, and Peter all get out
from the pool before the water in the pool FREEZES

JAKE

They all turn their attention to the monitor, and Warruses
are in the streets of Eucalypity.

PROFESSOR MARVIN POPPER

Those look like walruses but not
like our walruses.

JAKE

Are they alien walruses?

PROFESSOR LUCY POPPER

Yeah you can say that.

BRUCE

(asks)

Are they behind all of this?

PAUL

Well, we better find out.

Professor Susan Smith takes out 5 parkas from the closet and
hand them to the Koalas.

PROFESSOR SUSAN SMITH

(to the Koalas)

If you are heading, out in the cold
you better put on these.

FLUFFY

Wow, do you have anything that
isn't brown.

BRUCE

Well it matches my fur.

PROFESSOR SUSAN SMITH

(smiles)

Now trust me, these can keep you
warm so you won't catch a cold.

The Koalas all put on their parkas.

I know this is amazing!

PAUL

follow those Warruses so focus.

FLUFFY
Paul's right, we have to focus.

ACT 2

PAUL

(ask angrily)

So, are you behind all of this?

OBIN

Yes, we are, we are the Warruses, an alien race of barbarian walruses from another dimension called the Frost Zone. We had been watching your world, and your world has many seasons and there is only one season you must have, and that is winter, forever.

MARTIN

(disagrees)

No we can't, the Earth rotates every day for the last million years, we can't have only one season, we have a cycle of the seasons.

AYONE

(disagrees)

But ,this season the temperature shall not change.

BRUCE

(disagrees)

Yeah, right, the cold is boring, the sun is great, go back to your boring winter wonderland where you came from.

(CONTINUED)

TODAD

What did you say?

JAKE

Yeah my bro said "boring winter wonderland".

Obin GROWLS with anger.

OBIN

(mad)

How dare you insult the Frost Zone.

Obin swings his sword at Jake. Jake dodges it and counters the attack at Obin striking him in the face.

OBIN

(furious)

Oh, how dare you! Warruses attack!!!!

BRUCE

(mad)

Oh, bring it!!!

ACTION ROCK AND ROLL MUSIC IN THE BACKGROUND. All of the Warruses attack the Koalas Bears. Paul leaps onto a snow-covered car and throws a kick at 1 of the Warrus soldiers. He does a double-turning kick at 2 Warrus soldiers and does a butterfly kick knocking over 3 other Warrus soldiers. Suddenly Ayone uses his BRAINWAVE POWERS to make Paul FLOAT into the air and throws him into a window causing him CRASHES into it.

PAUL

(mad)

OK, that is so over the limit.

AYONE

Sorry, being the smartest Warrus in Frost Zone, it can give me powers beyond reason.

Paul leaps out from the window. Ayone uses his powers to BREAK the metal balcony onto Paul. Paul gets out of the way, making the metal balcony CRASH onto the ground. Paul does a flying jump kick right at Ayone kicking him in the face causing him to slam to the ground. He then uses his TELEKINESIS POWERS on his 2 swords and throws them right at Paul. Paul takes out his nunchucks and hits Ayone's swords causing them to FLY in two different directions. Ayone uses his TELEKINESIS POWERS on Paul to make him FLOAT into the air and slam him down onto a snow-covered car. He uses

(CONTINUED)

TELEKINESIS to make another car covered in snow FLOAT in the air, and drop it onto Paul. Paul gets out of the way as the car CRASHES onto 1 of the car that Paul was on and EXPLODES.

Martin and Bruce do flying kicks right at Todad. Todad grab both of their legs and slams both of them down to the icy streets. Martin and Bruce throw sticky bombs at Todad STICKING him in the sticky slime. Todad breaks free from the sticky slime.

MARTIN

(surprised)

Bruce, did he just does that?

TODAD

Break free from your sticky slime?

Yes, I did. I am the strongest

Warrus in the Frost Zone and
speaking of strong.

Todad picks up a Semi Truck and throws it right at Martin and Bruce. They dodge it and the semi-truck CRASHES to the icy streets and EXPLODES in FLAMES. Todad steps away from the flames in fear, he snapped out of it and takes out his Battle Axes, and swings them at Bruce and Martin. Bruce and Martin both block the attack and grab onto Todad's battle axes. Todad SHAKES Bruce and Martin off of his Battle Axes and then swings them down right at Bruce and Martin. They both dodge the axe swings and kicks Todad in the face, knocking him over.

Jake and Fluffy strike at Obin with flying punches. Obin blocks their punches and counters their attacks with a double punch at each of them causing Jake and Fluffy to hit the icy ground. Obin pulls out his sword and swings it right at Jake and Fluffy. They both dodge the sword and then tackle him to the ground. Jake takes Obin's sword right out from his hand.

JAKE

(insults Obin)

Ha! You're powerless without your sword.

OBIN

We'll see about that.

Obin cast his ICE LASER BEAMS from his eyes to FREEZE Jake in a block of ice.

FLUFFY

Jakey!!!

(CONTINUED)

Paul, Bruce and Martin all run over to Jake in the block of ice. Paul TAPS on the ice.

PAUL
(to Jake)
Jakey, if you hear us, please
blink.

Jake blinks in the ice.

MARTIN
(relieved)
Good, he can still hear us.

BRUCE
(mad)
What have you done?

OBIN
(explains)
Simple really, I have ice beam
powers that come out from my eyes.

FLUFFY
In Jakey's case, that is awesome.

OBIN
Yes, it is awesome, and there is no
way to free your brother from the
solid ice. Onward, my brothers,
it's time to freeze the rest of the
world!!!

Obin, Ayone, Todad, and the other Warruses all go on the Polar Bear Sharks and head off to freeze the rest of the world.

MARTIN
Don't worry Jakey, we shall
unfreeze you... I hope.

Professor Susan Smith comes in with a jackhammer and TURNS IT ON and uses it on the block of ice that Jake was in, but the Jackhammer BREAKS into pieces.

FLUFFY

(asks)

Any luck?

PROFESSOR RYAN REXES

No, this might be the toughest ice ever.

BRUCE

Hey!!! That's the reason why it came from another dimension, it can't break.

PAUL

(to Jake)

Don't worry Jakey, we shall get you out of there.

PROFESSOR LUCY POPPER

(asks)

So do you know what the aliens want?

PAUL

Yes. They are called the Warruses who came from another dimension called the Frost Zone. They came to Earth to freeze it.

PROFESSOR SUSAN SMITH

OK, that is bad.

FLUFFY

(annoyed)

Yeah, other dimension Walruses who came to Earth to freeze it. If this gets worse I shall never get that bikini back on to show off to Stan.

MARTIN

We know, but their unstoppable weather can't be stopped.

(on the TV)

Well, from sunny skies to snowfall
people around the country are
buried up to their necks in snow,
because this is supposed to be the
summer, but now winter has been
taken over, trapping people inside,
and freezing everything from water
to hair.

Christopher Bryan TAPS onto his frozen hair.

CHRISTOPHER BRYAN

(on the TV)

I am being treated by my stylist.

BRUCE

Well that is a sign of never using
hair gel in the cold.

FLUFFY

Is this going to be going on
forever?

PAUL

Yes, with the Warruses on the
loose, the state shall be frozen in
minutes, the country in days and
the World in weeks.

(CONTINUED)

PROFESSOR RYAN REXES
And now the other question is,
where are the Warruses now?

MARTIN
During the fight, I placed a
tracking chip on 1 of the Warruses
to track them down.

OBIN

So this is your mother, that changes everything.

Ayone comes out from behind Obin with the temperature machine that has ice crystals on it.

PAUL

Hey, that's the temperature machine.

Obin waves the temperature machine in the air.

OBIN

(smiles)

Oh yes, we got this before our fight, and with this in our hands we shall freeze the world in minutes.

PAUL

(disagrees)

Not if we have anything say about it, let kick their icy butts.

PAUL

Yes.

Paul jumps into the air and takes out his nunchucks and a taser from his utility belt and uses them at Obin hitting him and SHOCKING him. Obin counters Paul's strike with a powerful punch. Todad grabs hold of Martin as Ayone uses his TELEKINESIS POWERS to lift his swords in the air. Martin uses a smoke bomb and throws it onto the ground RELEASING SMOKE to blind Todad, causing him to let go of him. Martin does a front snap kick at Ayone causing him to lose his concentration of his telekinesis, causing his swords to fall to the ground. Martin does a tornado kick at Todad knocking him out.

Obin swings his sword right at Paul SLICING his nunchucks in half.

PAUL

(mad)

Oh, you're so going to pay for that
Chubby.

OBIN

How dare you, insult the great
Obin?

Paul picks up a sword and swings it at Obin, clashing swords with his sword. Obin, Ayone, Todad, and the other Warruses soldiers look at the fire in fear. Martin remembers something.

OBIN

(scare)
What is that?

MARTIN

Hey guys do you remember something
from the last fight?

BRUCE

Yeah why?

MARTIN

Because I saw that Todad was afraid
of fire.

PAUL

Which also makes the other

ROSE MCSCOTT
Well that explains everything. Well
the temperature is sure going up.

PAUL
Yeah mom, but the Warruses got

PROFESSOR SUSAN SMITH
Not really, in case of emergency we
always make a back up one.

Professor Susan Smith puts the second temperature machine on
the table.

ROSE MCSCOTT
Did that machine do all of this?

PROFESSOR LUCY POPPER
We didn't put it on yet.

Paul jumps out from the pool and walks up to the table.

PAUL
But what about the Warruses? They
have the 1st temperature machine.
We don't know what they are going
to do with it. It's a sign that
they shall return.

Bruce does a shoulder throw on Paul, throwing him back into
