## SYNOPSIS

A TWISTED TALE OF BIZARRE FATE... An inspiring TRUE STORY of an unconventional, heroine whose Life is derailed by unintended consequences. In the turbulent 1960's, a peace-loving, secular Jewish Hippie is arrested for marijuana by a small town Sheriff. In one moment, her whole life will change... but not for the better.

Redneck Sheriff decides to teach her a harsh lesson about The Fall from Grace. He tries to sexually assault her, then lynches her when she fights back. When she survives, he coerces her Orthodox Parents to commit her to a criminally insane asylum for drug rehab.

But the Sheriff and Asylum's evil Doctor plan a lobotomy as her radical cure for drugs. Rescued by a chaplain, she's born again and flees. As a stowaway on a flight which crashes, she's horribly disfigured by severe burns. Then God miraculously heals her!

As a test of faith, the female fugitive returns to the asylum to face her captors and reclaim her freedom. However the demented Dr. retaliates by rescheduling her to undergo the inhumane surgery. Will God save her in time? Countdown's started...
